

Feb. 23 1979

Dear Mr. Heinen

This is to acknowledge your report on KLOH Feb. 16, 1979
The log shows your report to be correct.

With the amount of stations on that frequency, I am amazed
you could pick us up, but as you say the atmospheric condition must
have been ideal, and I agree.

Thank you very much for your interest and was glad to get
your letter.

Sincerely

Clarence Ausham
