DEAR WAYNE,

THIS IS TO CONFIRM YOUR RECEPTION OF OUR SIGNAL OF 1000 WATTS ON A FREQUENCY OF 900 KHZ ON THE 24TH OF JANUARY 1976.

I HAD JUST REBUILT OUR AM LIMITER AND WAS IN THE PROCESS OF SETTING IT UP FOR OPERATION. THE PROCESS IS PRIMARILY BY TONE BUT MUSIC IS ALSO NEEDED TO CHECK THE NEGATIVE PEAKS AND SIGNAL LEVEL.

THANK YOU FOR WRITING AND GIVING AN ASSESSMENT OF OUR SIGNAL. I HAVE BEGUN A FILE TO KEEP TRACK OF QSO'S EVEN THOUGH WE ONLY GET A SIGNAL OUT ON NIGHTS WE DO TESTS AND PROOFS.

WE DON'T HAVE CARDS SO I'M ENCLOSING A BUMPER STICKER WHICH MIGHT LOOK GOOD ON YOUR WALL. THANKS AGAIN.

SINCERELY,  
*Mike Giambra*
