Dear Wayne:

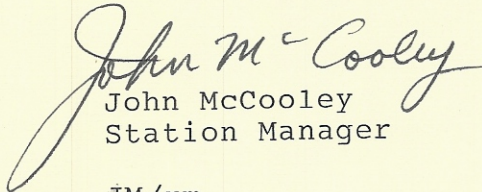

Please let this letter serve as a confirmation of your reception report of WTCN on December 29, 1989.

I've enclosed some additional information for your walls as well.

You might like to know I'm trying to start a 1/2 hour radio show weekly for ham radio operators. It would feature news, F.C.C. guests, what's happening on 2 meters and provide a Big Voice for our many hams.

I'll let you know more later.

Thank you and best wishes,
