June 7, 1997

Wayne Heinen
4131 S. Andes Way
Aurora, CO 80013-3831

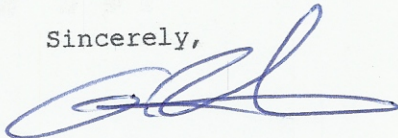

Dear Wayne:

Better late than never, I hope! I found your letter in a stack of papers today, and I'm please to verify your reception report of 10-15-96.

KAAN operates with a daytime-only power of 1000W, using a Harris SX-1 transmitter shunt-feeding a 348-foot tower.

Again, thanks for your report.

Sincerely,

Gregg Richwine
