Colorado Springs, Co. 80904

Dear Wayne:

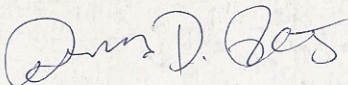

This letter is to verify your reception report of
KJAS Radio on January 12, 1976

It may interest you to know KJAS transmits on 1170 KHZ
with 250 watts, non directional, daytime power and has
been on the air for about five years.

KJAS is a Contemporary Top 40 format. We use an R.C.A.
BTA-250M transmitter, mid 60's vintage.

Hope to hear from you again,
Happy DXing
