MESSAGE

We were indeed conducting a frequency test with a power of 1000 watts--
to be sure to reach test point in Denver Colorado. We have at times
been able to reach there on 250 Watts. (lo Power)

I Will apologize for not getting this answer back to you sooner, but I
also will point out that I was taking over duties as Chief about the
time you sent you reception report. I ~~WAS~~ was cleaning out the files
the other day and found it.

Thank you for the reception report.
