

KWYS

WEST YELLOWSTONE, MONTANA 920

December 3, 1976

Dear Mr. Heinen,

Thank You very much for the report in regards to the reception of KWYS on November 27, 1976. This test as you probably already know is our outside frequency measurement and yes it is on the air on the last Saturday of each month from 1:45am to 2:00am mountain standard time. The measuring company is the Commercial Radio Monitoring Company in Lee's Summit, Missouri. By the way our reading that night was low 1.5. Thank You for your time and interest and I hope this note is of assistance to you.

Sincerely,

Larry Binfet
Station Manager
