Dear Wayne:

Your ears weren't fooling you last Sat. night, you did hear CKBC's signal. I am the announcer you heard, and according to my log, I did play "La Bomba" this song was followed by the announcement you mentioned "George Eddy Building Supply" then Red Shannon's "Dinny In The Mirror" The program you heard was "Sound Spectacular's Odd Records Night" (every Sat. night)

CKBC is a 10,000 watt on the 1360 frequency, which is an open channel here in Canada. In other words; we are the only station on 1360. Our transmitter is a Gates 10 KW non directional daytime - directional at night 57° North of East. CKBC has two towers 181 ft. above sea level.

Tune us again sometimes, Wayne, and if you do, let us know

Sincerely
Denis Menard
