Hi Wayne,

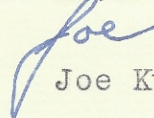

Thank you for your report received here the other day. This letter will serve to verify your reception of WEEB on 1/15/68 between 1:03 and 1:24 AM, EST, on 990 kc/s.

Your letter mentioned that you tried to phone and the chances were that it was Roger Windsor calling from Indiana. You also said you heard the Philadelphia station, WIBG, but not CBW. CBW was on but not too many reports mentioned QRM from CBW in your area. Further west it was really rough going. I'll have a complete report of the TEST in a later DX NEWS.

I've enclosed some of the things you requested and thanks for sending return postage. Out of 40 reports, about 2 or 3 didn't!

Best DX in '68 and

73,
