Dear Mr. Heinen,

I apologize for the delay which you have encountered in receiving a verification of the special test which former Chief Engineer David Bennett ran for your club. In the process of changing engineers the letters were undoubtedly lost. My records show that there was a test run of Feb. 23, 1976 from approximately 3:30 to 4:00 AM E.S.T., therefore I will verify your reception report of Feb. 23, 1976 from 3:30 to 3:35 A.M. E.S.T.

If I can at any time be of assistance to you or your club please feel free to call on me.

Sincerely,

David C. Taylor  
Chief Engineer/WEWO
