October 14, 1977

Mr. Wayne Heinen
427 E. Caramillo Street
Colorado Springs, Colorado 80907

Dear Mr. Heinen,

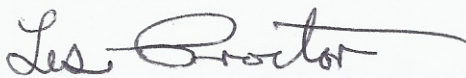

This will verify your report of reception of KNEB on 960 kHz on October 2, 1977, from 11:23 p.m. until 11:33 p.m. MDT. The information you listed is substantially correct.

Our night pattern is a figure-of-eight with the maximum signal to the north and south. We protect Provo, Utah, with our west null, however, the primary protection consideration is KMA in Shennandoah, Iowa, which is protected by our east null.

Thank you for your report.

Cordially,

KNEB

Les Proctor
