General Manager
KRVN Radio
Lexington NE

Dear Sir,

I am very pleased to report reception of KRVN on 880 kHz on 8-6-83 from 3:45am until 4:03am CDT. Your signal was good with minor thunderstorm crashes. I would like to offer the following details of your programming as proof of this reception:

3:45 Id as AM-88 KRVN and Trucker Net, Trucker World Jock Radio presented by Husky Truck Stop Evanston Wyo. then trucker news.
3:48 C&W Music
3:50 PSA 8th annual Truckers Picnic at the Nebraska National Forest at Halsey, NE & More C&W music.
3:55 Phone Call from Red Neckerson
3:57 Truckers weather for the inter-State system
4:03 Local Weather time Check & more C&W music.

I use a WWII surplus receiver with a 15" ferrite core loop antenna for my hobby reception. KRVN is always listenable on the car receiver when travelling about the Western Kansas, Eastern Colorado area though. Sure beats Denvers KOA all talk on 850!

I am enclosing a stamp for convenience in reply and a brochure about the National Radio Club and BCB DX'ing in general. I would appreciate receiving a verification from KRVN to add to my collection if this report is deemed to be correct.

Thank you in advance for your time and consideration in answering this letter and helping me with my hobby.

Sincerely,

Wayne Heinen
