Dear Mr. Heinen:

Thank you for your letter of November 27 reporting reception of WCTC at your location. I am pleased to confirm your reception of our station on 1450 kilocycles on November 27, 1966 from approximately 1:58 a.m. to 2:01 a.m. Eastern Standard Time.

Regarding your question about Tom Rush, I did a two-hour interview with Tom Rush on Friday, December 2, between Midnight and 2 a.m. on my weekly folk music program. Rush will appear at Town Hall in New York City on Friday, January 6. His latest single is "Urge For Going". I understand he is currently working on a new album which should be released sometime in February or March.

I am enclosing a WCTC coverage map so you can get some idea of our primary service area. Thank you for writing.

Cardially,

Bob Breen
