Dear Wayne,

This letter is to confirm your reception of KBIM 910 kHz on April 20, 2005 between 01:58 and 02:00 MDT. A review of our logs confirms the information you have provided.

KBIM operates at a daytime power of 5000 watts non-directional and a night power of 500watts with a direction pattern that goes mostly to the south. Our local aliens must have been sending the signal your way.

Thank you for you report and good luck with you DXing hobby in the future.

A handwritten signature in black ink, appearing to read "Rita Niccum".
