Chief Engineer
KDEF Radio
Albuquerque, N.M.

Dear Sir,

I am very pleased to report reception of KDEF on 1150 kHz on 12/29/75 from 1:27-1:35 MST. The following are the details of my reception:

1:27 a "You Make Me Feel Brand New" song
1:28 a "Point of Law" brought to you as a Public service by KDEF...
1:30 a Bruce Hase for the Advertising Council P.S.A.
1:32 a Preveiw of next "Point of Law"
1:33 a KDEF jingle & rock music.
1:35 a Fade out.

Your signal was weak with lots of fading even though I had my loop pointed in your direction. I was using a Navy surplus receiver with a $3\frac{1}{2}$ ' loop antenna. The receiver was made in 1943. I'm located on the west side of the city near the Garden Of The Gods.

Your station usually doesn't make it here due to KSAL in kansas, but they were apparently off this AM. Conitmons here were the noisiest that they've been almost all winter.

I am enclosing return postage and I'd appreciate a verification of this report if it id found correct. Thanks in advance & have a good new year.

Sincerely,

Wayne Heinen
