

Dear Mr. Heinen,

I was pleased to get your letter saying that you heard me 1/13/76. Everything you typed out you heard happened as far as I can remember. The name you had was Craig Larson which was incorrect, my name is Greg Larson, otherwise everything you had listed was OK. Also I'm the Chief Engineer.

I find it interesting that we can be picked up in Denver. I've also heard we've been picked up in Albuquerque and Dallas. However I doubt the Dallas reception because we go directional in the evening.

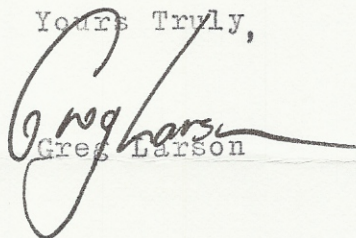

It sounds like an interesting hobby you've got. I'm interested in the National Radio Club, is there any place I can write to to get some information about the club?

Also if I could ask another favor of you. I'm from Minneapolis, Minnesota and a radio broadcaster I knew at home is now working in the Denver area. If it possible could you please find his address in the phone book and send it to me because I would like to get in contact with him. His name is Marvin Gatch and he works at KWBZ 1150 on your dial. Any help you give me would be greatly appreciated.

So once again thank you for writing me and letting me know you heard me last Tuesday. It must be interesting to sit and try to pick-up far away radio stations. When you write me you can mail it to my home address.

Greg Larson
