Mr. Wayne Heinen  
4131 S. Andes Way  
Aurora, CO. 80013

Dear Wayne:

This letter is to acknowledge your reception of KNXX Radio on February 15, 1988, from 6:28 AM to 6:35AM. Our current power from our transmitter is 1080 watts daytime and 540 watts nighttime, but at the time of your report we were operating with 450 watts daytime and 325 watts nighttime, and were on our nighttime power at the time you were hearing us.

A copy of our daytime pattern is enclosed, Wayne; the nighttime pattern is the same except for a reduction to one-half power, which makes the contours only a little smaller.

I apologize for the delay in sending this report to you- I thought I had done it when I got your original report.

Good listening!!
