Dear Sir:

Since I have taken over as Chief Engineer for Radio Station KSIL, I have noticed your letter, but apparently no reply was made by the former Chief Engineer.

I will affirm per this letter that a test was indeed made as stated in your letter of April 17, 1978.

This is, therefore, a letter of verification of the test made at 12:24 A.M. and the Call sign given at KSIL, Silver City, New Mexico.

I am sorry for the delay in sending you a reply, and I thank you on behalf of KSIL for your letter.

Yours truly,

Alex Mozdén
Chief Engineer, Radio Station KSIL
