KDWN RADIO NEVADA

TAMPA, FLA.
SM
26 NOV
1976

This letter is to confirm your reception report of Nov 13 1976 between the hours of 4:09 - 4:18 PST.

KDWN is the second of the class IA drop-in's ~~in the country.~~ We share the 720 KHZ. frequency with WGN, Chicago.

The studios of KDWN are located at the Union Plaza Hotel, No. 1 Main St., with transmitting facilities located fifteen miles outside of Las Vegas, in Henderson, Nevada.

At present, KDWN operates with 50 KW non directional days, and 10 KW directional nights, with the major lobe towards the west coast.

When you pass through our fine town, pay our facility a visit.

Thankyou. We have to protect WGN - after sundown.

Sincerely,
Robert K. Olson
Chief Engineer
