Mr. Wayne Heinen
4131 S. Andes Way
Aurora, CO 80013-3831

Dear Wayne:

This is to confirm your reception of KFMS-AM, 1410 KHz.

Your reception report was quite accurate, as well as your listed equipment that KFMS-AM was received on.

Your receiving system is to be applauded. It is always of great interest to receive DX reports, and note the equipment used.

It is also especially interesting to hear what type of antenna system was used in your reception of KFMS-AM.

Enclosed, please find misc. items of KFMS logos.

Our AM & FM programming is simulcast in stereo, AM-1410 KHz, FM-101.9MHz (KFM-102).

AM-5,000 watts directional to the North. FM-100,000 watts circular from Black Mountain.

AM-daytime is NON-directional, 5,000 watts-at sundown we are directional.

Thank you for your reception report.

73's

Very Best Regards,

KFMS Engineering
Chief Engineer.
