Dear Wayne,

This will confirm your reception of KRAM on February 23, 1979 between the hours of 11:25 and 11:40 PM PST.

We are using a Harris model MW-1 solid state transmitter feeding a top loaded 321' antenna. Power is 1KW day 250 W night.

I am enclosing a KRAM bumper and KRAM window sticker for your collection.

Thank you for the report and good luck in your DXing.

Sincerely,

JOHN F. COREY  
Chief Engineer
