

Memo

To Wayne W. Heinen

Date December 5th, 1974

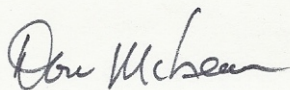

Dear Wayne,

This will confirm that you did receive WHDL-AM on Sunday, December 1st, 1974.

WHDL-AM operates on 1450 Khz with a daytime power of 1000 Watts and nighttime power of 250 watts. Our station is on the air daily from 6 AM till 11:15 Pm. The station has been on the air since 1929, making it one of the oldest stations in the country.

WHDL also operates an FM station at 95.7 Mhz on the FM Dial. We have an ERP of 43,000 watts. Should be able to pick it up in Orchard Park without too much difficulty. Might get some interference from WBNY.

Thanks for the letter.

Don McLean
Station Manager

WHDL
