

Wellsville, N.Y. 12-21-66

Dear Wayne -

This is to confirm your reception of WLSV's program on Oct. 15th, 1966.

We have a 1000-Watt output, with our transmitter in Stannards - about three miles from the Studio, and we operate by remote control. The Station is about eleven years old, with quarter-wave Marconi series-fed antenna.

Yours truly,

L.F. Signor
