Dear Wayne,

I don't know who is pulling who's leg, but I am very happy to answer your letter.

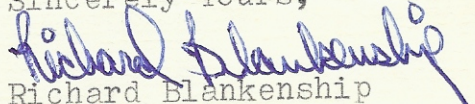

When you picked us up on your receiver was probably when we were testing for our license renewal, this would explain the time it was when you picked us up.

We are a 5,000 watt AM station on 1110 Khz., the largest between Oklahoma City, & Dallas. Enclosed you will find one of our coverage maps, feel free to write or call us any time.

P.S. Please send me information concerning the National Radio Club.
