Dear Mr. Heinen:

Thank You for your letter of November 5, 1988. We are always excited to hear from a DX member!

Your reception report of November 5, 1988 is correct. The announcement you quoted was a recording of myself reading our "sign off" material. Please note in March of this year KTCR was changed to KXTD.

Our company purchased KTCR in December of 1987, thus we are not familiar with the text KTCR conducted with the National Radio Club. Since purchasing the station, we have increased power to 5,000 watts, moved to modern facilities in Broken Arrow, and converted to stereo.

Thank you for letting us know about your interest in radio, and now you have "bagged" (KTCR) KXTD! May your hobby provide you with many hours of joy!

Sincerely,

Thomas Harrison
Vice President/General Manager
