Dear Sir,

I am very pleased to report reception of KYAL on August 25, 2005 on 1550 kHz between 3:59 AM and 4:00 AM CDT. I would like to offer the following program details as proof of this reception:

3:59 AM Tune in to Fox Sports Network Programming

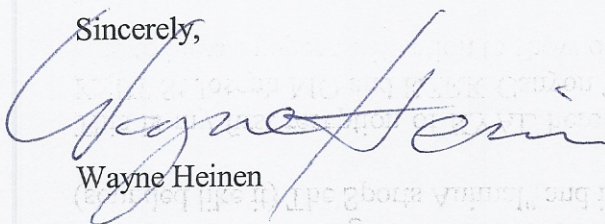

4:00 AM ID including WWLS Moore-Norman then, "Your listening to KYAL Sapulpa - Tulsa? (sounded like it) The Sports Animal" and into more Fox Sports Network programming

This is my first reception of KYAL here in the Denver metro area. Interference was severe from KSFT St Joseph MO and KZRK Canyon TX. I was able to capture the ID on tape, but it is always nice to have a paper verification to show off.

Equipment in use while listening to KYAL consisted of a Drake R8B Communication receiver with an indoor box loop antenna. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply and a brochure about the BCB DX hobby and The National Radio Club.

If my report is found correct I'd appreciate a verification from KYAL to add to my collection from over 1900 BCB stations. Thank you in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen
