Dear Sir:

Thank you very much for your letter confirming reception of 530 CJFT. CJFT went on the air on July 1st 1986 which happens to be Canada Day. We were the first radio station to my knowledge to be commercially licenced at 530 AM and we also broadcast in stereo using the Motorola C-QUAM system.

I appreciate the time you took to write in regard to reception, the detailing is accurate and does coincide with programming on that date.

Sincerely

Robert K. Dancy  
Station Manager/Program Director
