January 19/66

Mr. Wayne Heinen,
126 Linwood Avenue,
Orchard Park, New York-14127,
U.S.A.

Dear Wayne:

Thank you for a very interesting report. I found it to be in accordance with our log.

For about a week, we had trouble with our crystal, this is the reason you picked us up at 565 on the band. We have had a great deal of mail over this. You might also be interested in knowing that when you picked up our signal on the 15th, we were operating with our emergency facilities at 1,000 watts.

Yours truly,
Station CJKL,

Ron Smith,
Program Director.
