Dear Wayne,

Thank you for your QSL request of 11/9/81. It always helps us to know when our signal reaches out beyond our normal contour pattern, even if it's just a skywave. So, please accept this letter as a confirmation of your reception of 11/9/81, 12:21 A - 12:29 A^{PST}, of KAGI.

As you probably know by now, KAGI is a 24-hour, adult contemporary station, licensed to Grants Pass, Oregon. Our format is a combination of sports, news/information/public affairs, and music. We pride ourselves in the quality of our station, both technically and in programming, and the size of our regular audience tends to bear out our quality.

Again, thank you for your information, and good luck with your hobby.

Sincerely,

Scott Hassett

Chief Engineer
