Mr. Wayne Heinen  
126 Linwood Ave.  
Orchard Park, N. Y.

Dear Mr. Heinen:

Thank you for the reception report on this station on February 12, 1968. We started transmissions at 12:16 AM with 1,000 watts, switched to PSA power of 385 watts at 12:20 AM and concluded the tests at 12:28 AM. We are non-directional day and PSA powers, but interference can be expected at a distance such as yours.

Enclosed is a map showing predicted  $\frac{1}{2}$  and  $\frac{1}{4}$  mv/meter contours with daytime facilities.

We appreciate your interest in our transmissions and wish you continued success.

Yours for Good Listening,

A handwritten signature in cursive script that reads 'James M. Orre'.
