Chief Engineer
KKLS Radio
Rapid City, SD

Dear Sir,

I am very pleased to report reception of KKLS on 920 kHz on 2-15-79 from 4:06pm- 4:14pm MST Your signal was fair to good with some QRM from KLMR in Lamar CO. The following are the details of your broadcast which I would like to offer as proof of my reception:

- 4:06pm Time Check on KKLS & Rock song by the BeeGee's
- 4:09pm "Better Music on KKLS" and mention of Silver Dollar contest upcoming and more rock music
- 4:13pm Short weather by DJ then Safeway Bingo Commercial
- 4:14pm Spot for Langford's Building Center followed by spot for California Suit movie at local theater

There was some fading and KLMR did recapture the channel on occasion. I usually don't get much Sunset Skip DX in but I'm laid up with busted ribs and have enjoyed many fine hours hearing distant "daytime only" stations.

You were heard on a US Navy surplus receiver circa 1943 with a 12" ferrite core loop antenna. I've been DX'ing since 1975 from Colorado Springs and have over 750 verifications from 49 states and 18 foreign countries.

Please find enclosed return postage to facilitate your reply. I'd appreciate a verification of this report if it is judged to be correct. Thank you in advance for your time and consideration in answering this reception report.

Thank for Listening

Sincerely,

Bill Spitz
C.E.
