Attention: Wayne Heinen

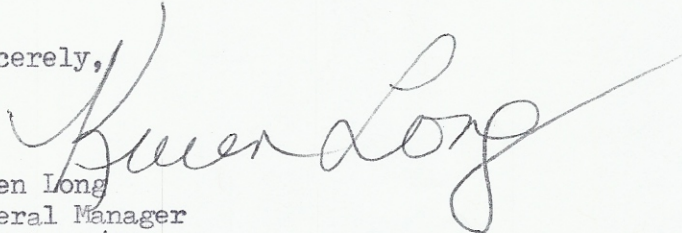

Dear Wayne:

I have read your letter with much interest and in checking with station personnel, I find that this could very well have been KOBH you were listening too; however, I am unable to find broadcast logs back that far to verify it definitely.

I am very sorry that the station manager at that time did not find it important enough to respond to you as it would have been so easy then to look it up. Fortunately, that corporation no longer owns KOBH.

Your work should be of interest to all broadcasters. Keep up the good work.

Sincerely,

Karen Long
General Manager
KOBH AM/FM
