Dear Wayne:

Thank you for your DX report of November 22, 1976.
It isn't often we get reports from the Central and
Southern states with XEROK's 150kw overpowering
our signal.

I am enclosing a QSL card and a coverage area
map for your collection. If you would like any
further information please do not hesitate to
contact me.

Sincerely,

Mike Soar
Chief Engineer
