Dear Wayne,

My name is David Darling and I am the Operations Manager for 1360 AM KAHZ here in the Dallas/Ft. Worth area. I was writing to confirm your reception of our station on the night of November 30th between 7:35 PM and 7:40 PM CST.

We are a part of Childrens Broadcasting Corporation and have 32 affiliates across the country... the nearest one to you is 1340 AM KKYD in Denver. Our station broadcasts 24 hours with a day power of 5,000 watts and a night power of 1,000 watts. Our night signal (which you heard) is mainly for Fort Worth and Arlington, but I have had some reports of hearing it in Dallas which is only 25 miles from Fort Worth.

Thanks for your report!

Sincerely,

David Darling
Operations Manager
