

427 East Caramillo St.  
Colorado Springs, CO 80907  
2-4-81

Chief Engineer  
KGBC Radio  
Box 1138  
Galveston TX 77553

Dear Sir,

I am very pleased to report reception of KGBC on 1540 kHz on 2-4-81 from 12:01am- 12:05am CST. Your signal was fair to poor with lots of interference from KXEL, Waterloo Iowa. As proof of this reception I would like to offer the following details of your transmission:

12:01am Tone at tune in  
12:02am ID " This is KGBC, Galveston, Texas" and more tone  
12:03am Same as above  
12:04am Same as above  
12:05am Same as above

You were heard on a US Navy surplus receiver with a 15" ferrite core loop antenna. I'm situated on the near north side of downtown Colorado Springs.

I've been a DX'er since 1964, since 1975 from Colorado with totals of 885 verifications from 49 states, 18 countries and 9 provinces of Canada. For a living I am a real estate appraiser.

Please find enclosed return postage for your convenience in reply, also a brochure on the BCB DX hobby and the National Radio Club of which I am a member.

If my report is found correct I'd appreciate a verification from KGBC to add to my collection. Thanks in advance for your time and consideration in answering this letter and helping me with my hobby.

Sincerely,

*Wayne Heinen*
