Dear DX,

It is always a pleasure to hear from DX listeners.

This letter is to confirm your reception of KGOL on November 18th at 7:24am. Our logs indicate your logging to be the ending of the "Streams of Life" program and one of our local sponsors.

KGOL broadcasts at 1180 khz 50kw day with a two tower directional array (mainly aimed to the south) and 1kw at night with a 4 tower directional array (we have to protect Mexican stations while we get mowed over by Castro and his ever popular "Radio Tiano").

Have a great time DX'n (don't forget, I'm a tex'n)

Scott Ellis
