Wayne, Regret having taken so long
to answer - we've undergone extensive remodeling
and your report was lost in the shuffle.

you don't say what kind of receiver
you use, but I'll bet it's a panasonic.

anyway, here is your verification,
and best of luck!

cordally,

Ken Wilson, C.E.

P.S. we beam all of our signal south - making your
hearing us a very rare event!
