Dear Wayne:

We are both amazed and delighted that you were able to receive KKWM AM (570) in Colorado! We do, indeed, have the programs mentioned in your letter on Sunday mornings.

KKWM has been simulcast on FM/AM since January 1, 1990, and has been identified as such on air. As of November 29, however, we sold our AM station to Susquehanna Broadcasting and we retain only the FM signal (WARM 97.9 FM).

If you receive the 570 signal again, you may want to verify it with the following:

KLIF 570 AM
3500 Maple Avenue #1600
Dallas TX 75219

Enclosed are some of our promo items (sorry, no bumper stickers!) for your "DX Den". Best of luck in your hobby!

Sincerely,

Susan MacLean
