WAYNE HEINEN  
4131 S. ANDES WAY  
AURORA CO. 80013

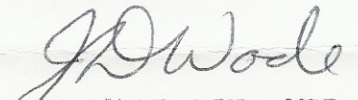

Dear Wayne,

THIS IS TO VERIFY YOUR RECEPTION OF K L B O IN MONAHANS TEXAS . 1330 AM . THE ODD THING IS THAT WE HAVE BEEN ON 1 KW SINCE A SEVER LIGHTNING STRIKE ON SEPT 8th WE HAVE A THIRTY YEAR OLD COLLINS WITH A AIR VARIABLE CONDENSOR THAT " MELTED DOWN " IN THE LIGHTNING ~~STORM~~ STRIKE. WE ARE A 5 KW STATION NON DIRECTIONAL DAY ~~RATE~~ TIME WITH A 1 KW DIRRECTIONAL PATERN AT NIGHT, THE STORM ALSO BURNED UP A 500 PKF RESISTOR THAT CONTROLS THE BIAS ON LOW POWER , SO I DON'T KNOW WHAT OUR OUTPUT IS AT THIS TIME . THE STORM ALSO BROUGHT SOME MUCH NEEDED RAIN ,WHICH I AM SURE HELPED TO GET OUR ~~SIGNAL~~SIGNAL UP YOUR WAY.

SORRY NO BUMPER STICKERS YET , WE JUST BOUGHT THIS STATION JAN. 1 '89.

THANKS FOR THE NOTE KEEP LISTENING ,THE ENGINEER IS ON HIS WAY AND WE SHOULD BE UP TO FULL POWER THIS WEEK

SINCERELY

  
J.D.WADE GEN. MGR.
