Howdy Wayne!

We received your letter stating that you heard us way up there in Aurora, Colorado today. Such correspondence from other parts of the country are most welcomed here at KLN.

Anytime you hear us up that way, be sure to drop us a line. By the way, we operate with a daytime power of 5000 watts and switch to a directional pattern and 1000 watts at sundown.

Enclosed you'll find a KLN bumper sticker and one of my business cards. Just a couple of small tokens of our appreciation for you taking time out to write us.

Thanks,

Toby Dillon

Program Director
KLN-AM
Lufkin, Texas

P.S. Lufkin is located in the eastern part of Texas about 125 miles north of Houston and about 65 miles due west of the Louisiana border. There are lots of tall pine trees and big lakes with some pretty good fishing in our area. The 35,000 people in Lufkin think it's a great place to live.
