Dear Wayne,

Thanks very much for your letter describing the reception of our radio signal on January 15, 1988. KMEZ AM at 1480 and KMEZ FM at 100.3 is the only Easy Listening format in Dallas/Fort Worth.

We often receive letters like yours describing the reception of our signal by radio buffs all over the United States and most recently from Germany!

Good luck with your craft in the future and give our best to other members of your local chapter.

Sincerely,

ALAN R. HOLMES
