Mr. Heinen,

You are correct! I am verifying that you heard KNTX 1410 (Bowie, TX) at the times you specified (8:59 to 9:03 p.m.) on November 20, 2004. The programming you identified is exactly what aired at that time on that night.

I have also received correspondence from DXers in western Tennessee and in southern Mississippi that have heard KNTX.

Thank you for notifying me of your DX reception.

Truly,
