Dear Wayne,

Thank you for your interest in KFOX (KRBC) Radio. We must really be getting some great "skip" because we get several letters from listeners every month.

I am pleased to indeed confirm the broadcast material you picked up back in 1982 (on December 13th between 2:15am and 2:29am). You might be interested to know that since you picked up that report, KRBC has gone through a change in call letters, format, and several dozen announcers. Oh well, that's show biz!

Thanks again for listening!

Sincerely yours,
