Executive Center/4141 Pinnacle/El Paso, Texas 79902/Phone 915-544-8864

December 5, 1979

Mr. Wayne Heinen
427 E. Caramillo St.
Colorado Springs, CO
80907

Dear Mr. Heinen,

This is to verify reception of KROD on November 8, 1979, from 11:32 p.m. - 11:45 p.m. Recently, KROD began operating at 5000 watts directional during the evening hours, and since then, we have received several DX reports; from people like yourself. Our biggest response has been from central Mexico, as our pattern is strongest in that general direction. Hearing from someone in Colorado is a pleasant surprise!

In the past we had been operating at 1000 watts directional at night....it's amazing what a few thousand more watts will do.

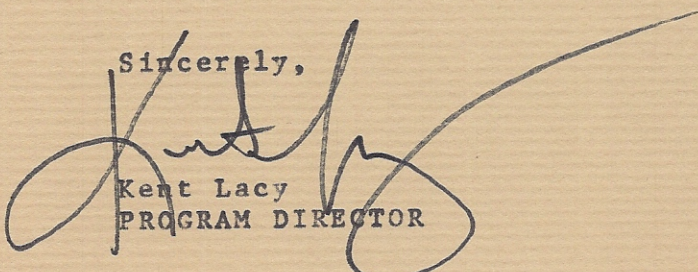

I noticed that your letter had problems in reaching us, so for your future use, let me furnish you with some updated information.

General Manager - Jim Arnold
Address - see above
Chief Engineer - David Briggs

Let us know if you happen to bump into us again up in Colorado.

Here's to a happy holiday season!!

Sincerely,

Kent Lacy
PROGRAM DIRECTOR
