Dear Wayne:

It is always fun to receive a letter from a DX'er. I am not the engineer, but the General Manager,...the engineer is on contract/is not in the studio much unless I call him.

The program details you sent were correct; We were carrying Texas Longhorn football that night. Although many stations carry Texas Longhorn football, the only thing that tells me that you were listening to KTXJ AM 1350 was the GOSPEL CONCERT that we were promoting....

Enclosed a brand new BUMPER STICKER-----Just received in the mail last week.

Hope to come to colorado some day and roll in the snow..

With warmest regards,

  
Art Lay  
General Manager/Vice President
