Chief Engineer
KVOP Radio
3218 Quincy Street
Plainview, TX 79072-1906

Dear Sir,

I am very pleased to report reception of KVOP on April 21, 2005 on 1090 kHz between 9:09 PM and 9:15 PM CDT. I would like to offer the following program details as proof of this reception:

8:09 PM ID "Ranger's Baseball on the Mighty 1090, Ranger's Baseball is brought to you by Up in Smoke on KVOP Plainview". Then recap of Rangers vs. Devil Rays game.
8:14 PM Spot for Up in Smoke call 292-0001 or 292-0000 then spot for Best Finance and Rental Company
8:15 PM Spot for Chili's Restaurant

This reception was made possible because my local KMXA in Aurora was off the air. They remained off through most of the evening hours last night. My last verification from Plainview on 1090 was in 1976 when the call was KKYN. I also have a 1978 verification of KVOP when that call was on 1400.

Equipment in use while listening to KVOP consisted of a Drake R8B Communication receiver with a variety of indoor and outdoor antennas. By trade I'm a real estate appraiser and have been a BCB DX'er since 1964. Please find enclosed return postage to facilitate your reply and a brochure about the BCB DX hobby and The National Radio Club.

This is my second report concerning this reception. Perhaps the first was never received or misplaced. In any event, if my report is found correct I'd appreciate receiving a verification from KVOP to add to my collection from over 1800 BCB stations. Thank you in advance for your time and consideration in answering this report and helping me with my hobby.

Sincerely,

Wayne Heinen

Thanks for listening!
