Chief Engineer

KANN Radio
Ogden, UT.

Dear Sir,

I am very pleased to report reception of KANN on 1090 kHz on 2-6-83 from 5:23pm until 5:30pm MST. Your signal was good with little interference during my monitoring period. I would like to offer the following program details as proof of this reception:

- You're correct!*
- 5:23pm In progress "The Bible Answer Man" Telephone Question and answer program
 - 5:29pm This is KANN Ogden Northern Utah's Christian Station.. religious interlude music
 - 5:30pm Program "Encounter"...

I heard KANN on a R-390/A/URR receiver with a 15" ferrite core loop antenna. I'm located on the near north side of downtown Colorado Springs, CO. By trade I'm a real estate appraiser and have been a DX'er on the BCB for 17 years, the last 6 from Colorado. Due to work schedules and TV interference I've spent little time on the BCB during Sunset skip hours.

I am enclosing return postage to facilitate your reply, I'd appreciate a verification of this reception from KANN to add to my collection if this report is found correct. Also find enclosed a brochure on the BCB DX hobby and the National Radio Club of which I'm a member. Thank you in advance for your time and consideration in answering this report.

Sincerely,

Wayne Heinen
