

KZZI RADIO

Western Broadcasting, Incorporated

March 7, 1983

Wayne Heinen
427 East Caramillo St.
Colorado Springs, Colorado 80907

Dear Wayne,

This letter is to confirm your reception of KZZI on January 31, 1983 at 1:25 to 1:36 AM. We were conducting a proof of performance during this time period, which I am happy to say we passed. KZZI is a daytime (sunrise to sunset) station with 10,000 watts of power , 1,000 watts during critical hours. Our first day of broadcast was January 31, 1983. We have a Collins 820 F transmitter with a 190ft omi-directional atenna.

Thank you for your report of our signal. You probably have the honor of being our first listener. Good luck to you in all of your endeavors.

SINCERELY,

John Hinton
Vice-President/ Owner
