Re: WGBW Radio Station DX reception report

Dear Wayne:

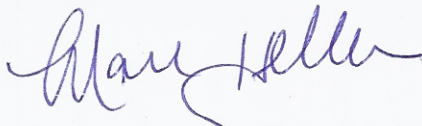

I know Aurora, very well. One of my friends from the mid-1970's works for the Police Department there, and I helped him move! I also worked a studio camera at KBTW (now KUSA) in the late 1970's.

You were the distance leader, at 937 miles, and we appreciated that you heard the calliope music and the tone we used.

We wish to confirm your reception report for the morning of October 16th, 2010.

Best wishes,

WGBW Radio Station

Mark Heller, President and General Manager
