**AM  
1070 WTSO**

**When You Need To Know**

17 October 1996

Wayne Heinen - NOPOH  
4131 S. Andes Way  
Aurora, CO 80013-3831

Dear Wayne,

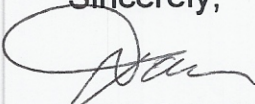

This letter will confirm your reception of Radio Station WTSO on 1070 kHz from 6:51 AM and 6:54 AM CDT on 2 October 1994.

The Programming items and commercials you listed have been checked with our program log for that day and found to be correct. It's ironic because the "Dairyline" show you heard on KHTK originates out of Washington state and is carried on WTSO during the 5 AM Farm Show. The Dairy Expo is a huge event in Madison and WTSO spends several days broadcasting live from there.

WTSO operates with a power of 10,000 watts day and 5,000 watts night. Although our daytime antenna pattern is directional, the pattern is primarily non-directional using 2 of our six-tower array. WTSO's nighttime pattern is also directional to the northwest using the full six-tower antenna system.

Thank you for your report and best of luck in your DX endeavors.

Sincerely,

Dan Masucci  
Program Director, WTSO
